

Transportation to Child Care Facilities

The Fleetwood Area School District will transport students in grades K - 8 to child care facilities in place of transporting to and from home. Listed below is the name of each school and any state licensed childcare facility in the school's attendance area for which the district will provide transportation, unless the facility is located in the school. You may use any childcare you choose, however, the district will only provide transportation as cited below. Please note that this only applies if your child is eligible for transportation; children who reside within walking distance of the school are not eligible for transportation to a child care center.
