Businesses Stop The Spread

- Maintain aggressive cleaning protocols throughout your facility.
- Clean + disinfect high-touch areas routinely in accordance with CDC guidelines.
- Ensure the facility has enough employees to perform the above protocols effectively and in a manner that ensures the safety of customers and employees.
- Ensure that the facility has staff dedicated to controlling access, maintaining order, and enforcing social distancing of at least 6 feet.

Practice Social Distancing

- Keep at least 6 feet between yourself and others.
- Stay home as much as possible - especially if you are feeling ill.
- Do not attend or host large gatherings.
- Avoid using mass transit unless absolutely necessary.

Wear A Mask At Work + In Public

- Everyone should wear a cloth mask when they must go out in public.
- Do NOT use a mask meant for a healthcare worker (N95).
- The cloth face cover is not a substitute for social distancing.

Cover Your Mouth And Nose With A Tissue Or Your Elbow When Coughing Or Sneezing

Avoid Touching Your Face

Wash Your Hands For At Least 20 Seconds

- If soap and water are not readily available, clean your hands with a hand sanitizer.

Disinfect Surfaces In Your Home - Especially When Someone Is Ill
